

ASSEMBLE ZIPPER POCKET

<ul style="list-style-type: none"> - Flip the Zipper Strip wrong side up. Mark 1/2" at the beginning and end of the vertical edges. 	 <p style="text-align: center;">Zipper Strip - Wrong side</p>
<ul style="list-style-type: none"> - Mark a point every 1/2", as indicated in the image. 	
<ul style="list-style-type: none"> - Join the 4 central points to form a rectangle. 	
<ul style="list-style-type: none"> - Mark a center line, stopping 1/2" from ends. 	
<ul style="list-style-type: none"> - Finish corners diagonally. 	

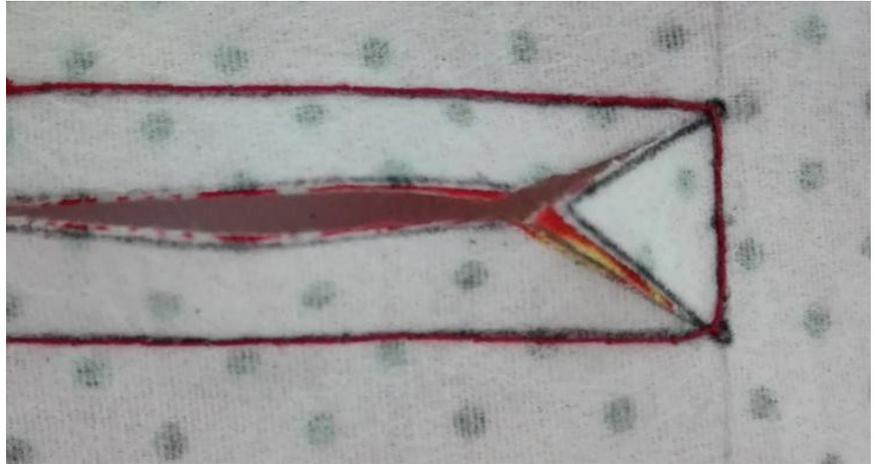

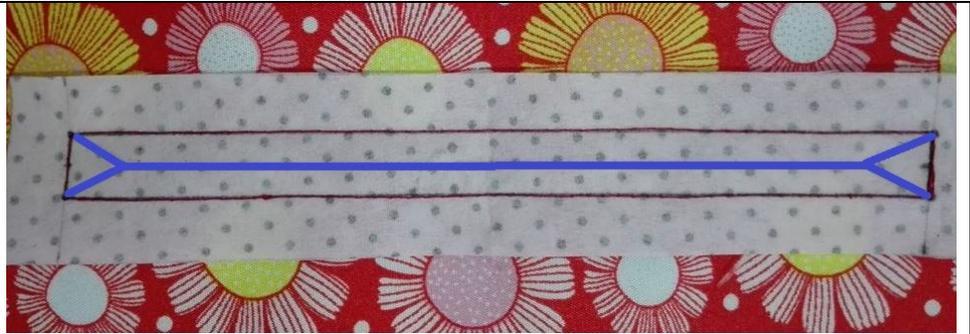

- Choose a Main Panel to install the pocket, right side up. Add the Zipper Strip, wrong side up. Fix at the distance indicated by each pattern. Hold with pins.

- Sew along the blue lines.

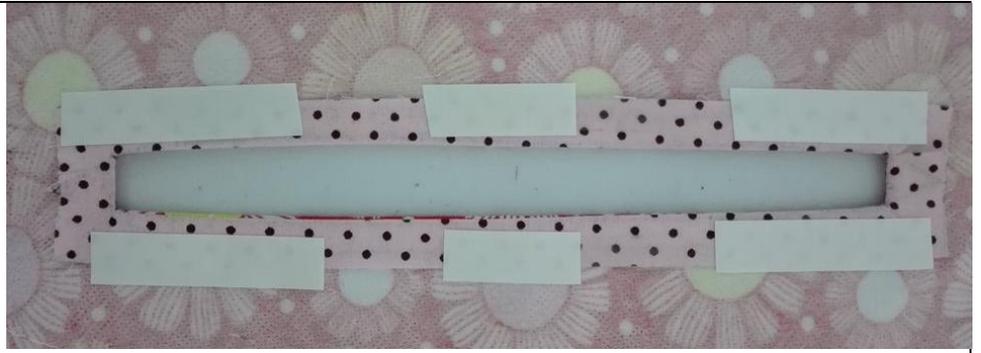

- Cut along the blue lines. Be careful not to clip the stitching.

- Turn the Zipper Strip backwards. Pass the iron.

- Apply double-sided tape to secure the zipper.

- Insert the zipper, right side down.

- Take the Pocket Piece, right side down. Place near the bottom edge of the Zipper Strip. Adjust with the tape that has remained outside the Zipper Strip. Hold also with some pins to prevent the piece from sliding.

- Turn the Main Panel, right side up. Sew (1/8 approximately) along the blue line.

- Remove the pins. Move the pocket piece down.

- - Fold the piece up. (A little beyond the top edge of the zipper strip) Adjust with the tape that you have remained outside the strip. Hold also with some pins to prevent the piece from sliding.

- Turn the Main Panel, right side up. Sew along the blue lines.

- Sew on both sides to close the pocket. (Blue lines).

- Finished.
